What our clients say...

“

Recently James, Business Development Manager at Morton Michel, took over handling of our franchise account and the service he has provided has been absolutely outstanding.

We know our franchises are in safe hands with him. His communication is exceptional, always keeping us in the loop and turning any queries around nice and quickly. He is an asset to Morton Michel and a key reason in our continuing alliance and loyalty to them.

Morton Michel
The Childcare Insurance Specialist

Since establishing in 1964, we have aimed to approach insurance differently to most other insurance brokers.

My name is James McDonald, Business Development Manager from Morton Michel.

I speak for everyone at Morton Michel when I say we are very excited to be partnering with Early Years Scotland, and can't wait to start helping members with their insurance needs.

Established in 1964, Morton Michel is the longest standing childcare insurance specialist in the UK and provides cover for over 45,000 early years and education providers, making us the UK's leading provider.

This experience has helped to build our expertise across the childcare and education sector and ensures we provide insurance policies and services that meet the unique needs of your business.

Understanding the regulatory, commercial, and personal ambitions of a childcare professional informs everything we do; we have taken that journey of revolution and innovation together. Our consultative approach means that we take the time to really understand the unique risks to your business to arrive at the level of protection your business and reputation deserves.

Morton Michel aims to be much more than most other traditional insurance brokers; we look to partner with organisations and support their needs wherever possible which is why we are so thrilled to be working in partnership with Early Years Scotland, Scotland's leading early years organisation with over 50 years of heritage and experience. We provide specialist insurance solutions for the childcare and education sectors. Our knowledge, experience and longevity within the sector enable us to provide flexible cover and additional benefits to support businesses and their employees, ranging from training material, counselling helplines, legal support, and employee benefits. We can provide the below insurance policies for members of Early Years Scotland.

We are thrilled about this partnership and can't wait to get started, hopefully we'll speak to you soon!

Our range of **products**

We are pleased to be able to provide the below insurance options for members of Early Years Scotland:

This policy has been designed for providers of entertainment and development activities exclusively for children. We cover most entertainment activities offered to children, including offering insurance for kid's mindfulness clubs and soft play hire. If in addition to delivering regular children's activities, you provide adult-only sessions, this policy may still be suitable for you.
